

International Freight Forwarding

WHO WE ARE

Aprile was founded **in Genova in 1974**, a city with a rich history in maritime trade that has played a key role in the development of the Mediterranean region as an important center for shipping and trade.

The Company is able to offer a wide range of shipping and logistics services, ensuring an accurate and customized management worldwide, whether for the shipment of a single package or an entire production facility, to the most remote locations in the world.

Our global services are also used for shipping large plants for which we can provide **cutting-edge operational solutions**.

OUR HISTORY

Beginning in the 1980s, Aprile began investing in the development of its domestic and international network.

In the following years, Aprile expanded its operations, initially in Italy and South America, laying the groundwork for further international growth, with a focus on **China, India, the United States, Mexico, and the United Kingdom.**

This period has been marked by a steady growth and continued expansion of Aprile's global network, which has become a solid player in the industry, with a reputation for excellence and a track record of success.

We are always focused on customer satisfaction, innovation, and sustainability.

WHAT MAKES US DIFFERENT

We work to make all complex aspects of shipping procedures *simple*, establishing a collaborative relationship with the customer to achieve a high standard of service, at competitive rates, to meet their needs.

International Network

We guarantee our presence in five continents which facilitates our positioning in strategic global locations.

Communication Flow

We believe that the success of our business lies not only in the mere physical transportation service of the goods but also in the flow of information that must reach all those involved in the shipment in a clear and timely manner.

“We make a difference”
by acting proactively to
propose solutions and
providing the
highest level of service on a
consistent basis to exceed our
customers’ expectations.”

OUR VALUES

Cooperation

We extend the utmost cooperation to our Customers to find the most appropriate solutions to their logistics problems, service and price wise.

Fairness

We strive to offer our services at a fair price and at the same time maintain the highest standards to meet our customers' expectations.

Trustworthiness

A key element is to build up a strong business relationship. Trustworthy and open cooperation with our Customers enable us to better serve them to make the difference.

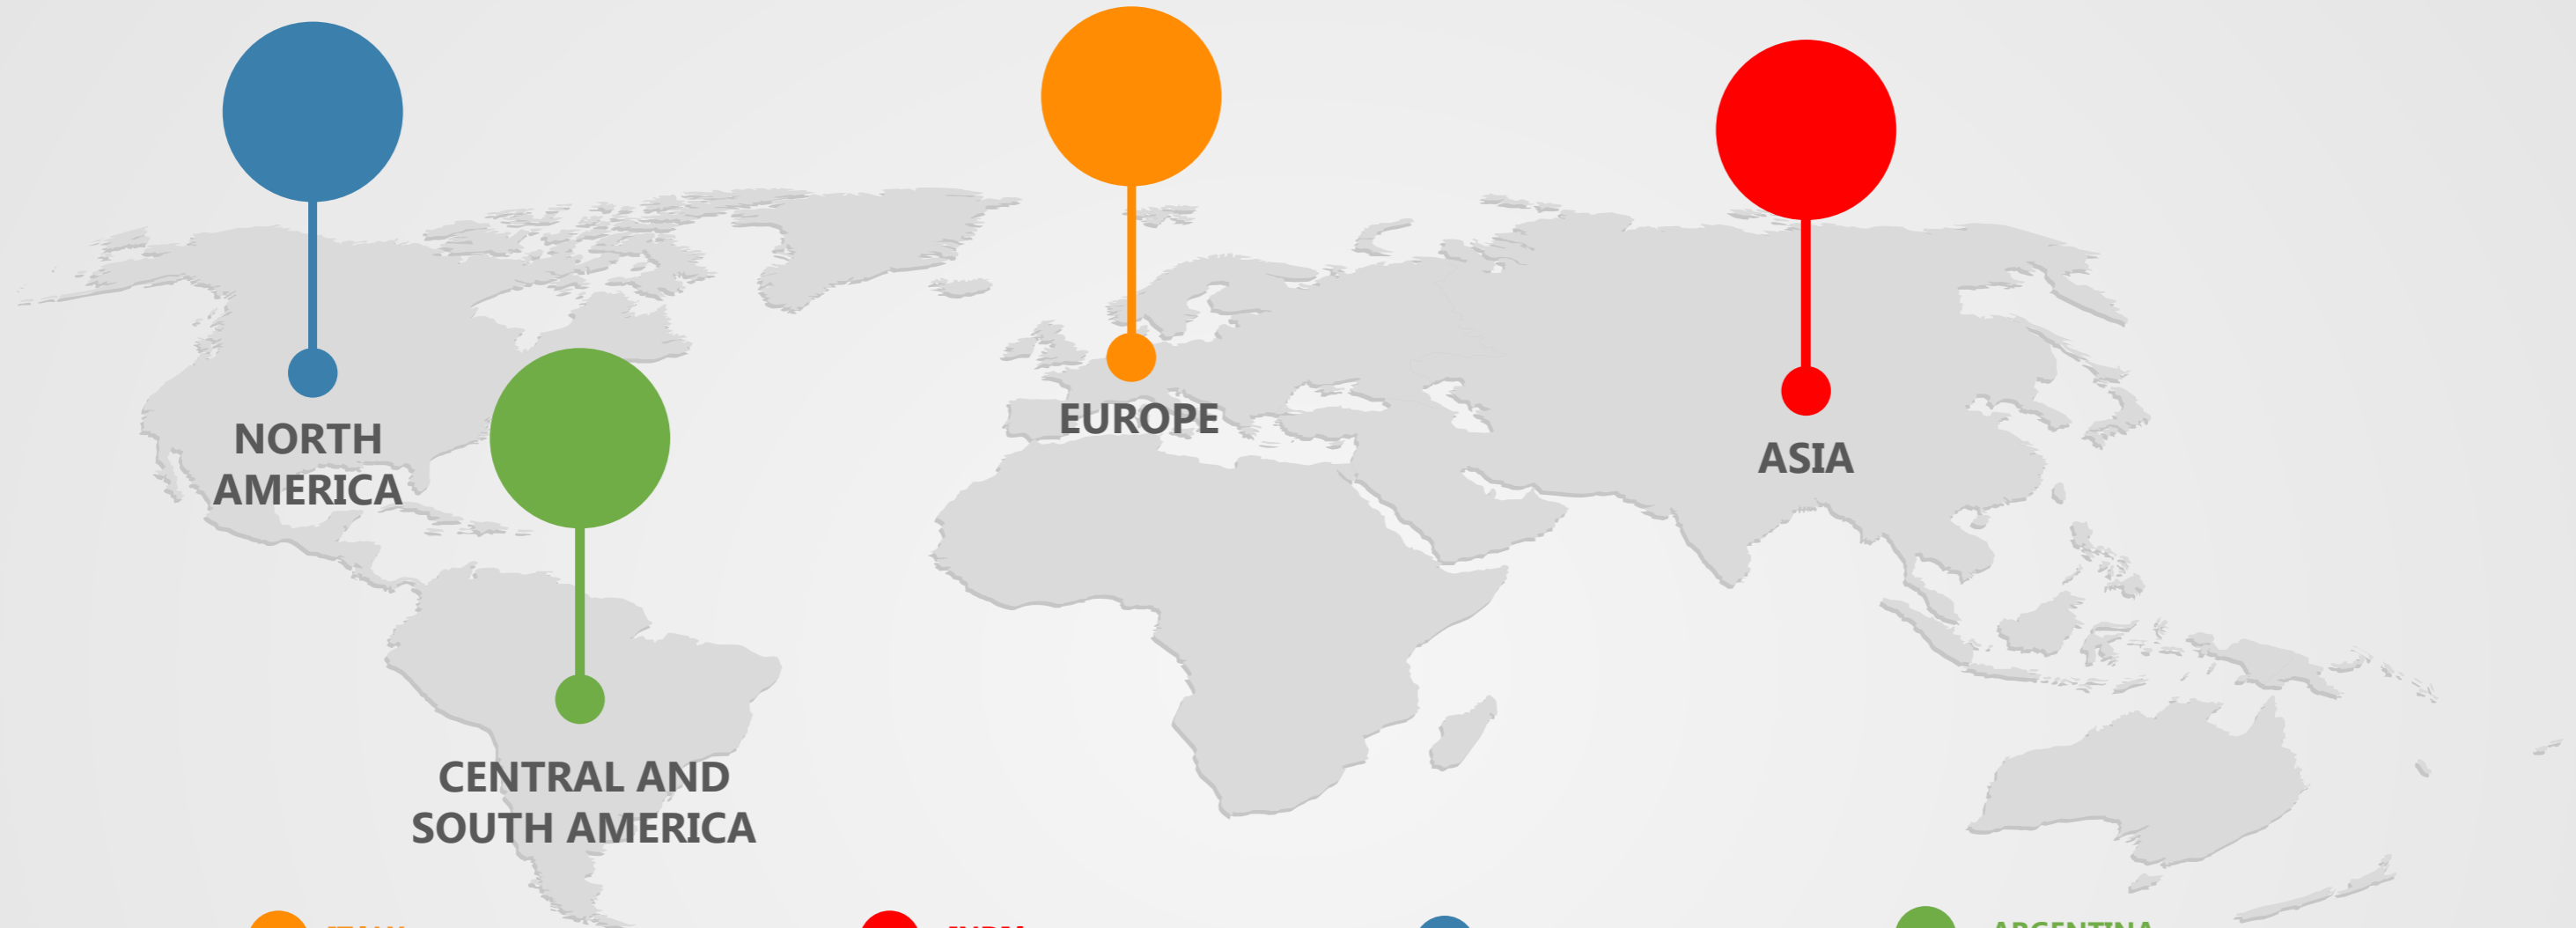

Responsibility

We take the responsibility of what we do and we strive to act in the best interest of our Customers "to make the difference". We depend on them and we are committed 100% to them.

“We can offer door-to-door services worldwide; our people take care of every step of the supply chain.”
